FINANCIAL POLICY

The patient assumes all financial responsibility for any dental treatment incurred. Patients are required to pay for their dental services, in full, on the day of treatment.

Our office is pleased to submit your insurance claim on your behalf electronically. We are also able to offer paper dental claim forms for any insurance plan that requires manual submissions.

All dental insurance plans are different and may not cover all dental services. Dental offices do not have access to your personal insurance information and cannot determine your level of coverage. If you are concerned about your insurance coverage, we are pleased to submit a predetermination on your behalf which can be accessed by the insurance policy holder electronically or via mail.

BOOKING POLICY

Your appointment time has been reserved specifically for you. If you are unable to keep your appointment, we ask you to be mindful of the fact that this time slot could be used by another patient in need of urgent treatment.

We ask for 48 hours' notice for any changes to your appointment. If you are unable to provide this notice, a fee of $50.00/hour of time scheduled will be applied to your account to compensate for lost time and inconvenience to our other patients and dental providers. Any patient who fails to attend multiple dental appointments may be dismissed from the practice.

I, __________________________ , have read the above conditions of treatment and payment and agree to their content.
